Technician Performance Reviews 2025

CONFIDENTIAL - INTERNAL USE ONLY

This document contains annual performance reviews for service technicians across WEST and EAST regions. Each review includes the technician's TECH_ID which can be used to cross-reference with warranty claim records.

Document Contents:

- TECH-001 - Mike Thompson (WEST Region)
- TECH-002 - Sarah Chen (WEST Region)
- TECH-003 - John Rodriguez (EAST Region)
- TECH-004 - Emily Davis (EAST Region)
- TECH-005 - Carlos Martinez (WEST Region)
- TECH-006 - Rachel Kim (EAST Region)

TECHNICIAN ID: TECH-001

Mike Thompson - Master Technician

Region: WEST | Specialty: Engine Systems | Experience: 15 years

Performance Summary

Mike Thompson continues to be our top-performing engine specialist in the WEST region. His diagnostic accuracy rate of 98% leads the team, and he consistently completes complex turbocharger repairs ahead of schedule. His mentorship of junior technicians has significantly improved our team's overall efficiency.

Key Strengths

- Exceptional diagnostic skills for complex engine problems
- Industry-leading turbocharger repair expertise
- Strong mentorship and knowledge sharing
- Consistently exceeds customer satisfaction targets

Areas for Growth

- Could improve documentation of repair procedures
- Opportunity to obtain additional electrical certifications

Notable Repairs

Successfully diagnosed and repaired a rare EGR system failure that two dealerships had misdiagnosed. Saved the fleet \$12,000 in unnecessary parts.

Overall Rating: 5/5 - Exceptional

TECHNICIAN ID: TECH-002

Sarah Chen - Senior Technician

Region: WEST | Specialty: Electrical Systems | Experience: 8 years

Performance Summary

Sarah Chen has established herself as the go-to electrical specialist for the WEST region. Her expertise in modern CAN bus diagnostics and wiring harness repair has reduced electrical repair times by 30%. She recently completed advanced training in hybrid vehicle systems.

Key Strengths

- Expert-level CAN bus and electrical diagnostics
- Excellent wiring harness repair and fabrication skills
- Proactive in learning new technologies
- Strong attention to detail in documentation

Areas for Growth

- Build more experience with legacy vehicle systems
- Develop leadership skills for potential team lead role

Notable Repairs

Identified an intermittent ground fault that had caused repeated alternator failures on a fleet vehicle, saving the customer thousands in replacement parts.

Overall Rating: 4.5/5 - Excellent

TECHNICIAN ID: TECH-003

John Rodriguez - Master Technician

Region: EAST | Specialty: Transmission | Experience: 12 years

Performance Summary

John Rodriguez is our premier transmission specialist in the EAST region. His deep knowledge of both automatic and manual transmission systems makes him invaluable for complex drivetrain repairs. John has trained three technicians to senior level this year.

Key Strengths

- Comprehensive transmission rebuild expertise
- Excellent clutch and flywheel diagnostic skills
- Strong training and development capabilities
- Efficient parts ordering and inventory management

Areas for Growth

- Expand knowledge of automated manual transmissions
- Consider pursuing ASE Master certification

Notable Repairs

Completed a full transmission rebuild with gear synchronizer replacement in record time, getting a critical delivery truck back on the road 2 days ahead of schedule.

Overall Rating: 5/5 - Exceptional

TECHNICIAN ID: TECH-004

Emily Davis - Senior Technician

Region: EAST | Specialty: Brake Systems | Experience: 6 years

Performance Summary

Emily Davis has shown remarkable growth in her specialty of brake systems. Her attention to safety protocols and thorough inspection procedures have contributed to zero brake-related callbacks this year. Emily is being considered for the Master Technician program.

Key Strengths

- Meticulous brake system inspections and repairs
- Strong safety consciousness and protocol adherence
- Excellent ABS and electronic brake system diagnostics
- Good customer communication skills

Areas for Growth

- Gain more experience with air brake systems
- Work on reducing average repair time while maintaining quality

Notable Repairs

Identified a manufacturing defect in brake calipers affecting multiple vehicles, coordinated with the manufacturer for recall coverage saving the fleet significant costs.

Overall Rating: 4/5 - Very Good

TECHNICIAN ID: TECH-005

Carlos Martinez - Journeyman Technician

Region: WEST | Specialty: General Repair | Experience: 4 years

Performance Summary

Carlos Martinez is a promising journeyman technician showing steady improvement across all repair categories. His versatility makes him valuable for the WEST region's varied workload. Carlos is working toward specialization in fuel systems.

Key Strengths

- Versatile across multiple repair types
- Quick learner with new diagnostic equipment
- Good teamwork and communication
- Reliable and punctual

Areas for Growth

- Develop deeper expertise in chosen specialty area
- Improve complex diagnostic skills
- Work toward Senior Technician certification

Notable Repairs

Successfully completed fuel injector replacement on all cylinders, improving fuel efficiency by 15% for a long-haul vehicle.

Overall Rating: 3.5/5 - Good

TECHNICIAN ID: TECH-006

Rachel Kim - Master Technician

Region: EAST | Specialty: HVAC Systems | Experience: 10 years

Performance Summary

Rachel Kim is our HVAC systems expert in the EAST region. Her comprehensive knowledge of refrigeration cycles, electrical controls, and climate systems ensures driver comfort across the fleet. Rachel also handles sleeper cab auxiliary systems.

Key Strengths

- Expert HVAC diagnostics and repair
- Strong EPA 608 certification knowledge
- Excellent auxiliary power unit expertise
- Good documentation and reporting

Areas for Growth

- Cross-train on electrical systems for broader capability
- Consider developing training materials for team

Notable Repairs

Redesigned the AC ducting for a custom sleeper cab configuration, improving cooling efficiency by 40% and driver satisfaction scores.

Overall Rating: 4.5/5 - Excellent
